650 mm

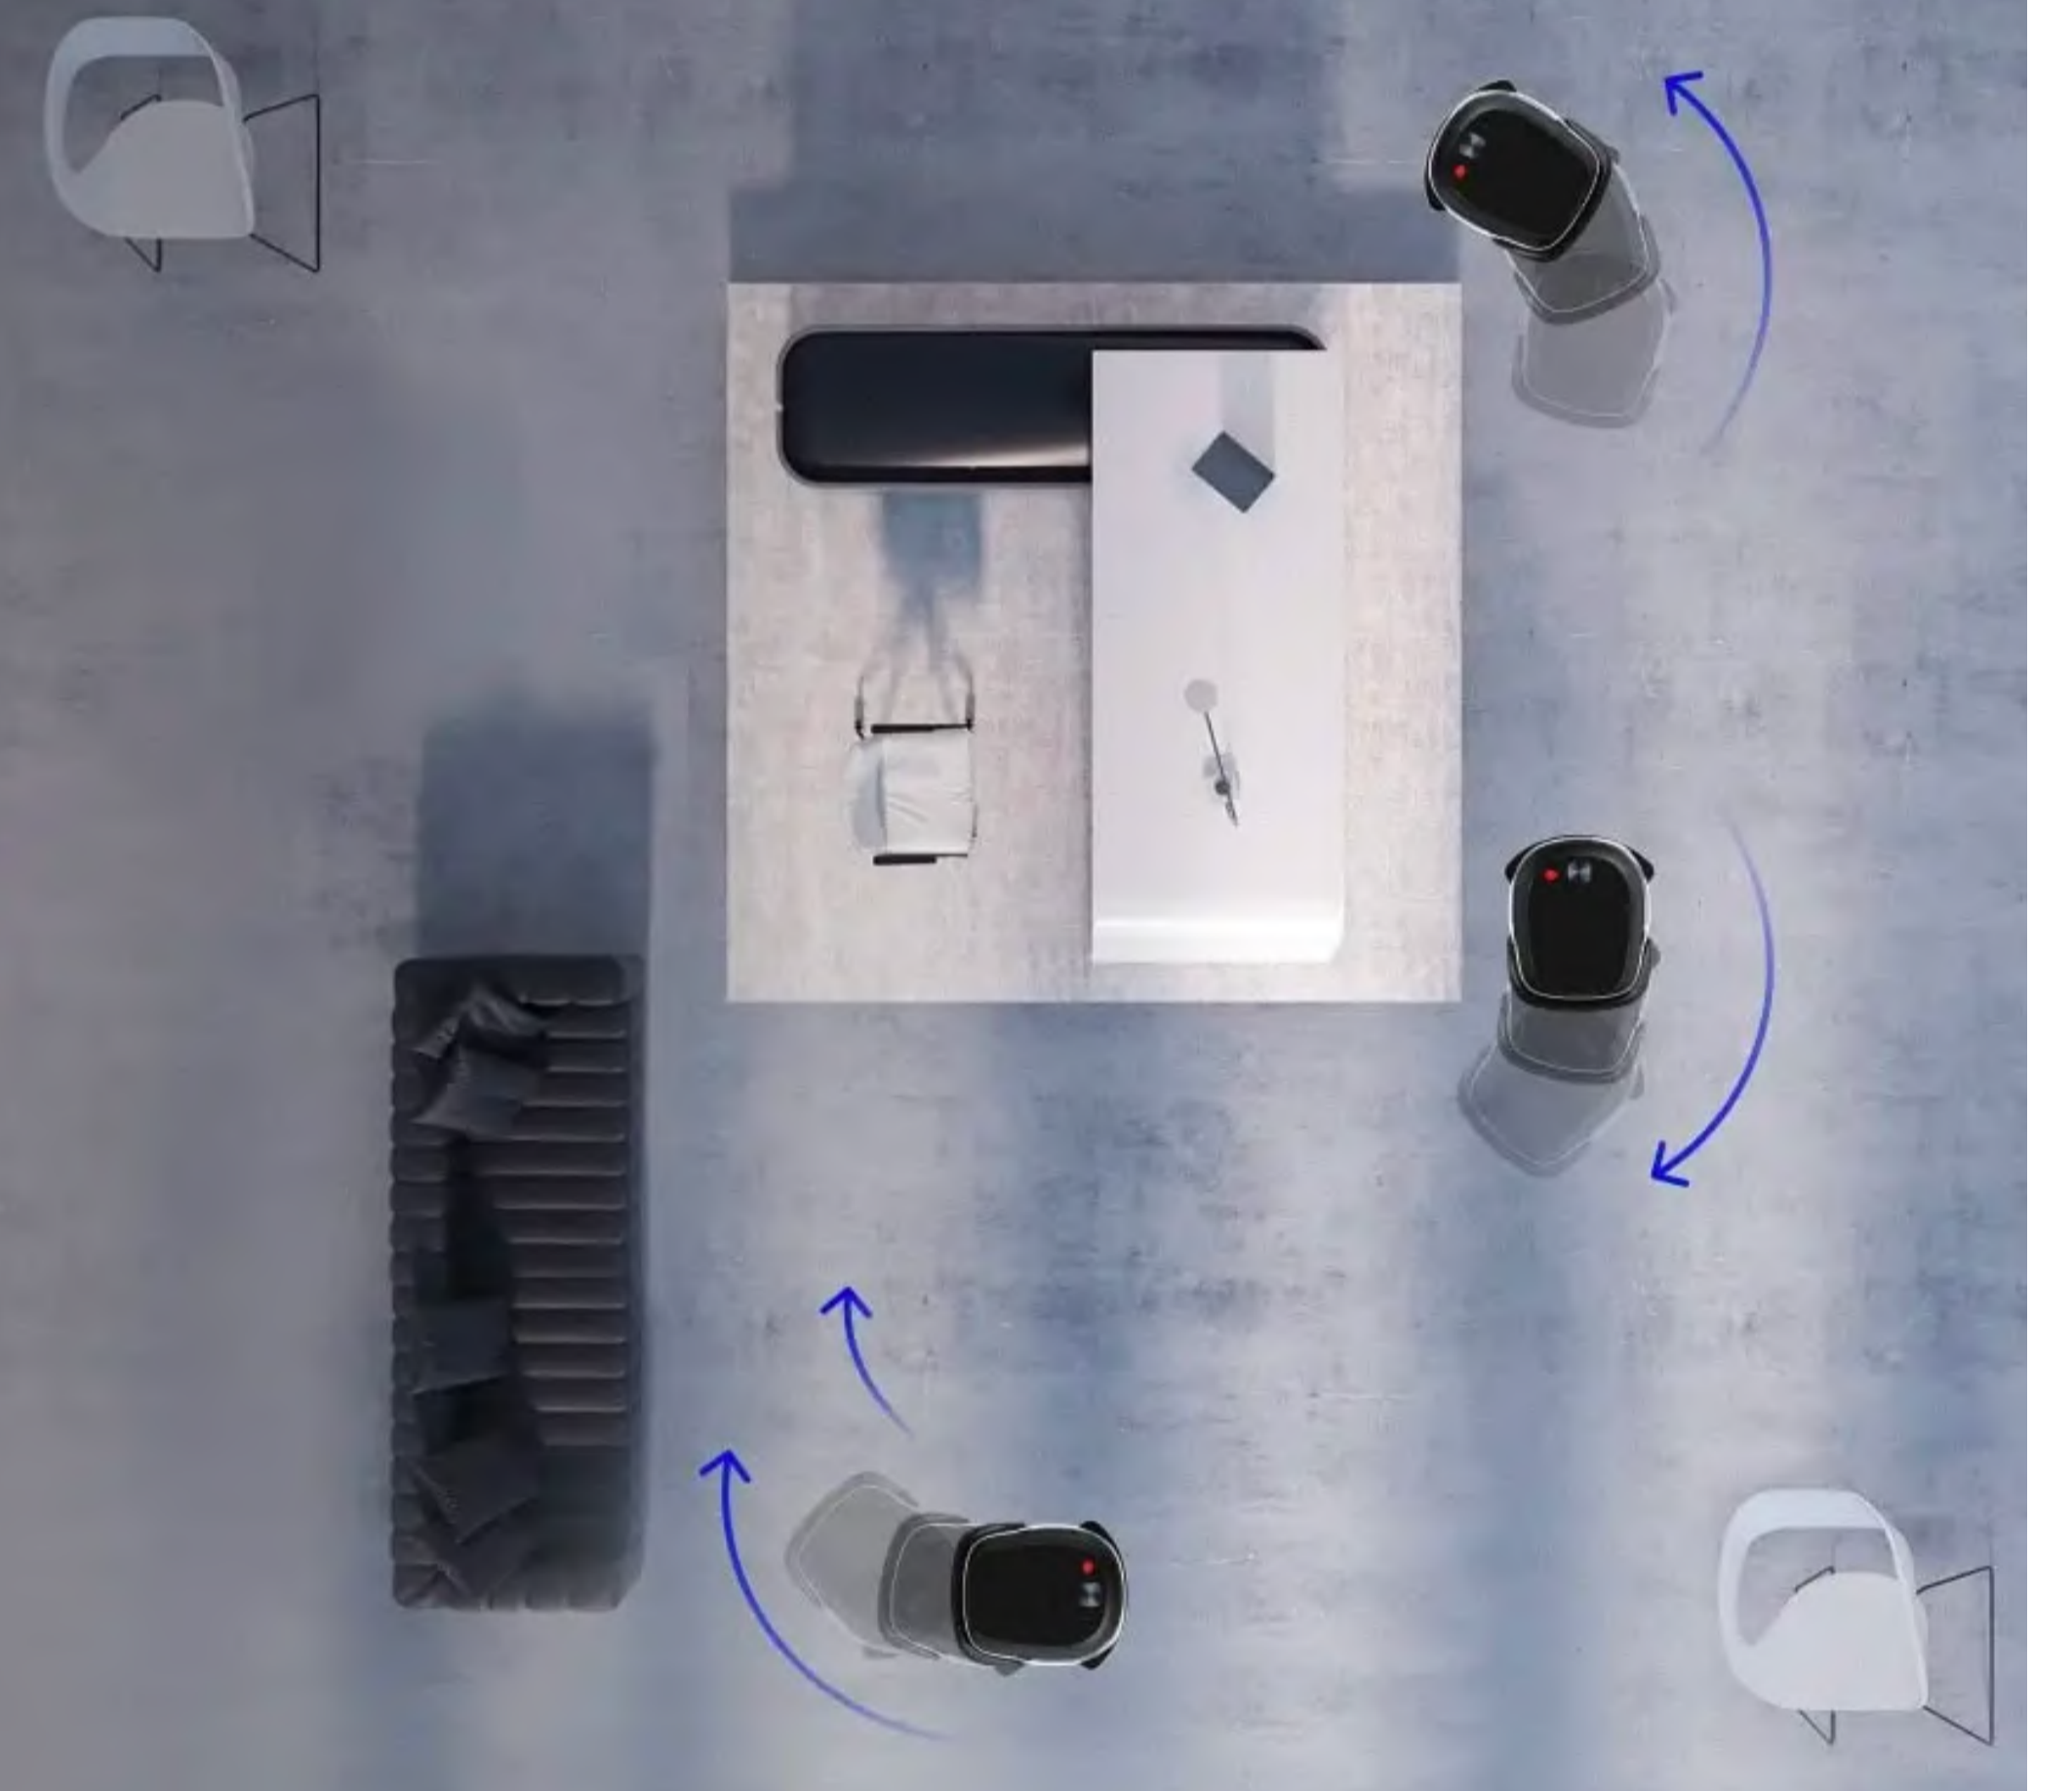

## All On Your Smartphone

The Phantas App empowers you with unparalleled control over your floor cleaning activities, granting you the flexibility to manage cleaning operations no matter where you are or the time of day.

## Smart Obstacle Avoidance

Phantas streamlines the mapping and map editing process with its intuitive mobile app, making it accessible to users. This user-friendly app empowers you to personalise your cleaning regimen by choosing from an array of path-planning modes, including zigzag and square spiral motions. This adaptability ensures a cleaning experience that harmonises perfectly with your unique space, ensuring no corner is left untouched.

## Every Inch Matters

Phantas is a commercial floor cleaning robot that boldly integrates 4-floor cleaning modes, which grants it unrivalled versatility and usability for cleaning spaces with different types of flooring, both hard and soft.

## Auto Spot Cleaning

Phantas comes with a charging dock that minimises the need for human intervention during operation. The robot can perform self-service by autonomously connecting to the docking station. An optional water tank trolley is also available to save effort on water refilling.
